

The image shows the interior of a large, dark-colored tent set up inside a warehouse. The tent is covered with a dark green or black tarp. Inside, several long tables are arranged in rows, with white plastic chairs placed around them. Some tables have red tablecloths. The warehouse floor is visible in the foreground, and the high ceiling of the warehouse is visible above the tent. The lighting is bright, coming from overhead lights.

Living Tents**

The image shows the exterior of a building made of white and tan corrugated metal. A small window is visible on the white section. In front of the building is a garden bed filled with various potted plants, including palm trees and other tropical foliage. The garden bed is bordered by a low wall made of bricks. To the right of the garden, there is a small wooden structure, possibly a sink or a counter, with some items on it. The ground is covered with gravel.
